The sample of an application find in Annex 1.

6. Estimation of results and rewarding

CLASSIFICATION : The classification will be made to the index according to the following formula:

$$\frac{\text{Repetition Number} \times \text{KBs Total weight} \times \text{Coef. Pentathlon} \times \text{Coef. Time}}{\text{Bodyweight}}$$

Coef. Pentathlon

The weight of the kettlebells chosen by the athlete is a multiplier coefficient as follows:

8kg: x1	20kg: x2,5
12kg: x1,5	24kg: x3
16kg: x2	32kg: x4

Coef. Temps

A time coefficient is also applied depending on the duration of the test performed by the athlete, the coefficients are as follows:

Till 10 minutes : x2,5	Till 7'59 minutes : x1,7	Till 5'59 minutes : x1.5
Till 8'59 minutes : x1,8	Till 6'59 minutes : x1,6	Till 4'59 minutes : x 1

The minima made according to the rules of IUKL will be registered officially.

There will be a general ranking for all categories and age categories:

Estimation of results :

- Men in a weight category: a jerk - 1 point (through the total amount of lifts), a snatch - 0,5 point (in a snatch the result of lifts by one and by other hand); a long cycle - 1 point (through the total amount of lifts).
- Men in an absolute category - through the weight coefficients.
- Women in an absolute category - through the weight coefficients,

At the identical amount of points advantage is got by a participant having less own weight.

Participants who took 1-3 places in individual overall in each weight category and in relay (classical jerk) are awarded with medals.

Participants who took 1-6 places in absolute overall are awarded with diplomas.

During competitions realization of doping control is foreseen. Registration of records and higher achievements - in accordance with REGULATION about registration of IUKL.
